The Editorial Board welcomes articles from readers suitable for, and understandable to, any practising or student physicist. Review papers and contributions of general interest are particularly welcome.

Le comité de rédaction invite les lecteurs à soumettre des articles qui intéresseraient et seraient compris par tout physicien, ou physicienne, et étudiant ou étudiante en physique. Les articles de synthèse sont en particulier bienvenus.

**POSTDOCTORAL RESEARCH ASSOCIATE,
 UNIVERSITY OF VICTORIA**

The University of Victoria Particle Physics Group invites applications for a postdoctoral Research Associate position working on the ATLAS experiment at the CERN LHC. The ATLAS group at Victoria consists of 5 faculty members (Alan Astbury, Richard Keeler, Rob McPherson, Michel Lefebvre and Randall Sobie) making significant hardware and software contributions to ATLAS liquid argon calorimetry, and who are playing a leading role in the development of a computing grid for the analysis of ATLAS data in Canada. The current interests of the group include using upcoming ATLAS data challenges for developing, testing and deploying a large-scale Canadian computing grid, calibration and integration of the ATLAS calorimeter system using beam tests and preparation for ATLAS commissioning with cosmic rays and first beam.

The successful candidate will be expected to take a leading role in general software and computing grid development as well as ATLAS commissioning and physics studies. The candidate should have a PhD in experimental particle physics by the time of the appointment. Experience in particle physics computing, object oriented programming and computing grids would be an asset. The position will be initially based in Victoria with the possibility of relocating to CERN at a later date, subject to mutual agreement.

The candidate should send a CV and arrange to have at least three letters of recommendation sent to:

Professor Randall Sobie
 Dept. of Physics and Astronomy
 University of Victoria
 PO Box 3055 Stn Csc
 Victoria, BC, Canada V8W 3P6

Email: rsobie@uvic.ca

The application should be received by 1 June 2004 in order to ensure full consideration. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadians and permanent residents will be given priority.
