

The Department of Physics at Mount Allison University invites applications for a full-time 12 month term position with particular responsibility for teaching astronomy and astrophysics related courses. Applicants should possess a Ph.D. in physics, astronomy or a closely related area, and have a strong commitment to undergraduate teaching. It is likely that the teaching assignment will be two courses per term (including associated laboratories), with three of the four courses being astronomy or astrophysics related. The university observatory offers opportunities for both outreach and research activities. The appointment will be made at the rank of Lecturer or Assistant Professor and will commence on July 1, 2010, subject to budgetary approval. Applications should include a curriculum vitae, a statement of the candidate's teaching interests and philosophy, and a statement of current and recent research interests. Submission of summaries of teaching evaluations are encouraged where available. All applications received by March 26, 2010 will receive full consideration. Applications should include names and contact information for three (or more) referees. Applications are to be addressed to:

Dr. Robert Hawkes
Chair of the Search Committee
Department of Physics
Mount Allison University
Sackville, NB E4L 1E6
Fax: 506-364-2583, Email: rhawkes@mta.ca
<http://www.mta.ca/faculty/science/physics/>

It is strongly preferred to have applications submitted electronically in the form of pdf attachments.

Mount Allison University welcomes diversity in the workplace and encourages applications from all qualified men and women, including aboriginal peoples, persons with disabilities, and members of visible minorities. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Canadians and permanent residents should indicate their citizenship status in their application.
