### PRIZES

The winning entries and honourable mentions from all categories will be added to the CAP's Art of Physics exhibition and will be highlighted in the annual exhibition at the Canada Science and Technology Museum in Ottawa, Ontario. A certificate acknowledging their achievement will be sent to winning participants. Some entries may be selected to be featured as a future cover for *Physics in Canada*.

The teacher of the winning team (Category 2) will receive an engraved plaque for the school as well as a one-year complimentary high school teacher membership in the Canadian Association of Physicists.

Prizes will be awarded in June 2010. Prizes awarded may not be exactly as described herein.
