Congress con't

- SNO talk left in DNP only session after splitting off → really 15 hrs of talks
- ** includes 17 student contributed talks **
- + 4 self-nominated posters (students)

Resulting in:

- Full agenda
- No joint sessions (particularly a disservice to theoretical colleagues)
- Some sessions without coffee breaks

Congress con't

Decisions made along the way...
(with past and future chairs)

- 6 PPD standalone sessions
- stick to 30 minute invited talks
(have had both 30 and 15 minute invited in past – 2003, 2004, ...)
- not to assign speakers to poster session
- give up coffee breaks as necessary

This worked... but just. Your thoughts for Dugan?
